١.

Oh Lord we pray

- Oh Lord we come to you To ask your guidance for our lives For us to be a good light bearer Of hope to those around us
- Cho: You have made LANECO The channel of your love That thru her service, blessings Flow from above Then the people will learn to Love you more By the blessings they receive Thru LANECO, and everything She can give
- II. We are asking for your help To obtain absolute honesty To work in total solidarity And thru your help we'll gain Maximum efficiency
- III. So please Lord bless LANECO Oh we pray That she can reflect your love To the people whom she serves Obviously you have blessed her in the past Bless her today and Forever we pray
- IV. You have made LANECO the Channel of your love That thru her service, Blessings flow from above Then the people will learn to love You more by the blessings They receive Thru LANECO, and Everything she can give

Bless LANECO (Oh lord we pray) Bless LANECO (Oh lord we pray) Amen...

LANECO Hymn

Sa matahum probinsya sa Lanao del Norte Sa amihanang Mindanao May kahayag nga midan-ag Nga nagdala ug paglaum Paglaum alang sa kalambuan Kalambuan alang sa tanan Sa kinasingkasing nga serbisyo Sa buhatan sa LANECO

(Chorus)

LANECO mosagubang sa hagit Sa kalibutanong tigi Pinaagi sa dekalidad nga pagpangalagad Buligan ikaw sa kahitas-an Tungod sa Diyosnon mong katuyoan Ipasigarbo ko ang ngalan mo Mahal namo nga LANECO

> (Repeat Chorus) Buligan ka sa kahitas-an Mahal namo Mahal namo nga LANECO

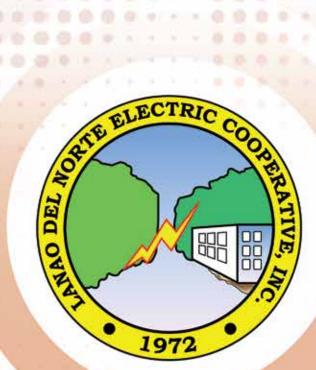

Nangangako ako, bilang tagapagpalaganap ng programang elektripikasyon na pagsisilbihan ko ang aking inang bayan;

Gagampanan ko ang tungkuling ito upang maitaas ang antas ng kabuhayan sa pagbibigay ng liwanag;

Isusulong ko ang kaunlaran ng aking bayan; at taos puso akong nangangako na tatahakin ko ang landas na tama at matuwid at laging isasaisip ang kapakanan ng kapwa ko Pilipino.

Kasiyahan nawa ako ng Diyos.

2022 LANECO Annual Report

PILLARS OF THE RURAL ELECTRIFICATION PROGRAM

Successfully implemented in Lanao del Norte through the Lanao del Norte Electric Cooperative, Inc. (LANECO) under the supervision of the

National Electrification Administration (NEA)

MESSAGES

FROM THE

Republic of the Philippines Office of the Vice President

Assalamualaikum.

I express my warmest greetings to the board of directors, officers, and members of Lanao Del Norte Electric Cooperative, Inc. (LANECO) on your 46th Annual General Assembly (AGMA) with the theme, "Making the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development."

Your commitment to bringing electricity to rural areas contributes significantly to the country's overall progress and inclusive development.

In the next five years, the Marcos administration is committed to making an affordable, sustainable, secure, and sufficient power supply by building new power plants and using renewable energy.

May the government's Electric Cooperatives Emergency and Resiliency Fund allow you to repair or rehabilitate damaged facilities and strengthen your disaster preparedness and mitigation program.

As you gather to reflect on the previous year and make plans for the future, may this occasion serve as a reminder of the crucial role that LANECO plays in ensuring that every household in Lanao del Norte has access to dependable and reasonably priced power through the Barangay/Sitio Electrification Project.

Let us work together to bring down the price of electricity to consumers, improve the quality of life of Filipinos in remote areas, and build a resilient power sector in the Philippines.

Lahat- para sa Diyos, bayan, at pamilyang Pilipino.

Vice President of the Philippines

Republic of the Philippines DEPARTMENT OF ENERGY

The Department of Energy (DOE congratulates the Lanao Del Norte Electric Cooperative, Inc. (LANECO) and your Member-Consumer-Owners (MCOs) on the conduct of its 46th Annual General Membership Assembly with the theme: **"Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development."**

The unwavering support of your MCOs with the commitment of LANECO to the success of rural electrification is vital in this era of social transformation. Your task of securing the energy supply is essential to ensure that every household and sitio in your community has access to this necessity.

The strong alliance of the MCOs with LANCO resulted to a 92% household energization level based on the 2015 Census of the Philippine Statistics Authority. LANECO garnered a classification of being a Yellow-1 EC based on the 2022 3rd Quarter Compliance Report of the National Electrification Administration.

The DOE believes that the joint efforts of LANECO and its MCOs will be the instrument towards achieving its sustainable goals to improve its compliances relating to its financial, operational, and governance standards.

The DOE likewise enjoins LANECO to render its adherence and compliance to the DOE's new policies and programs such as the Competitive Selection Process, the Renewable Portfolio Standard, and the recently signed Republic Act No. 11646 or the "Micro grid Systems Act" including LANECO's submission of reportorial requirements through DOE Electric Power Database Management System web portal as mandated under DOE Circular No. DC2022-02-0001.

To the MCOs, the DOE expects you to empower and to continue supporting the cooperative in its endeavors particularly on their efforts to provide better services to the consumers.

Again, Congratulations, and best wishes for a successful and productive assembly. *Salamat at Mabuhay!*

RAPHAEL PERPETUO M. LOTILLA

Secretary Department of Energy

NATIONAL ELECTRIFICATION ADMINISTRATION "The 1st Performance Governance System-Institutionalized National Government Agency" 57 NIA Road, Government Center, Diliman, Quezon City 1100

Greetings to the Member-Consumer-Owners, Board of Directors, Management and Staff of Lanao del Norte Electric Cooperative, Inc. (LANECO) as you conduct your 46th Annual General Membership Assembly (AGMA) with the theme, **"Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development"**.

As you look back on LANECO's recent accomplishments and prepare your Electric Cooperative for greater feat, I wish to commend LANECO for being a reliable partner of the National Electrification Administration in the continuing commitment to bring power to far-flung areas of the country.

For five decades, you have steadily moved towards greater sustainability, enabling more people in your coverage area to gain access to various socio-economic and livelihood opportunities. Through our common aspiration to empower our rural citizens, we have been able to achieve growth and development that spur economic activities in the rural communities.

However, the present complexities confronting the electricity industry require better and sturdier pillars to protect and uphold the government's thrust of poverty alleviation. LANECO, as a major player, need to ensure high operational efficiency to support this end. The challenge is to remain competitive and innovative by developing programs that would maximize the use of the latest technology to generate greater efficiencies in our distribution systems.

You are a vital link to the realization of the present administration's economic agenda and I encourage you to be unwavering in our electrification initiatives that center on the interest of the people. Take every single day as an opportunity to surpass your previous accomplishments and serve the best way that you can.

The National Electrification Administration is one with you as you keep moving forward to an increased exceptional service and will always rally behind your programs and initiatives in our unyielding efforts to energize the countryside.

I wish LANECO all the best! Mabuhay!

ANTONIO MARIANO C. ALMEDA Administrator National Electrification Administration (NEA)

Republic of the Philippines House of Representatives Quezon City, Metro Manila

Brightest Greetings to the Warriors of Light and Member-Consumer-Owners from the Lanao del Norte Electric Cooperative!

It is with great joy that I extend my greetings of solidarity and congratulations to the LANECO Family headed by General Manager Sherwin C. Mañada, Board President, Khalid M. Dimaporo, Board of Directors, Management and Staff. Congratulations on your 46th Annual General Membership Assembly!

Electricity is an essential service, one that we often take for granted. It powers our homes, schools, hospitals, and businesses, allowing us to work, learn, and live in comfort and safety. But providing this service is not easy, and it requires a great deal of hard work, dedication, and expertise. That is why cooperatives like LANECO are of great importance for building efficient, strong and resilient communities.

Over the years, electric cooperatives have faced many challenges, from natural disasters to the pandemic and political interference but we have also had many successes, from being categorized as a Triple A rated

power distributor to achieving 100 percent electrification and the unceasing support of our member-consumer-owners. These achievements are a testament to the commitment of electric cooperatives to become a partner of the government in achieving total rural electrification.

As your PHILRECA Partylist Representative in Congress, together with our Power Bloc Partner, APEC Partylist Representative Sergio Dagooc, we continue to advocate for our sector by filing several bills seeking to lower power rates, address key issues faced by electric cooperatives, and provide mechanisms to protect our member-consumer-owners.

Only by standing together can we be triumphant in the face of adversity and continue to bring light to the communities we serve. To LANECO, *maraming salamat sa inyong patuloy na suporta sa ating mga layunin*. May we continue to be passionate and committed in our movement and always hold to heart that UNITED WE STAND, WE STAND UNITED.

Power On, LANECO!

HON. PRESLEY C. DE JESUS Representative, PHILRECA Party-List

Q

Republic of the Philippines House of Representatives Quezon City, Metro Manila

Warmest greetings to the men and women of Lanao del Norte Electric Cooperative (LANECO) on your 46th Annual General Membership Assembly!

Mula po sa inyong APEC Party-List family, binabati namin ang mga masisipag na lider ng inyong kooperatiba, magmula sa inyong masipag na General Manager, Mr. Sherwin Mañada, at ang inyong magaling na Board President, Mr. Khalid Dimaporo, mga Board of Directors, Department Managers, Area Supervisors, Branch Officer Supervisors, Technical Staff, at ang lahat ng empleyado ng LANECO, ang aming minamahal na mga Sundalo ng Pailaw. Kami rin po sa APEC Party-List ay lubos na nagpapasalamat sa kontribusyon ng bawat isa sa inyo.

LANECO, through its delivery of electric service to the households of Lana del Norte, lit the path for the cultural diversity and economic promise of the entire region. Decades ago, this electric cooperative took on the challenge of energizing Lana del Norte up to the farthest barangays and sitios. I salute all of you for your service! I am confident that each of you will continue to extend the highest quality of service to our member-consumer-owners. Nawa'y patuloy kayong magsilbing tapat at may malasakit sa ating mga miyembro-konsumantemay ari.

With the honor and privilege of representing the country's electric cooperatives in Congress, I would like to express my full support to LANECO and the programs and initiatives it spearheads.

As a member of the Power Bloc together with PHILRECA Party-List, we aim to pursue legislative measures that empower our sectors, remain just and fair to all our stakeholders, and be beneficial to our electric consumers.

In the 19th Congress, we are proud to report that we pushed for the speedy passage on Third and Final Reading of House Bill 7426 or the Line Workers Appreciation Day Act, House Bill 6295 or the Leyte II Electric Cooperative (LEYECO II) Legislative Franchise, and House Bill 7561 or the Mandatory Insurance Coverage and Benefits for Line Workers Act. Currently, we have Priority Bills pending in the House of Representatives namely the Legislative Franchises of First Laguna (House Bill 6484) and Romblon (House Bill 2154) Electric Cooperatives (FLECO and ROMELCO respectively), House Bill 2159 or Establishing the Lineman Training Academy, and House Bill 3431 or institutionalizing the Rules on the Distribution System Loss Cap. The Power Bloc also pushes for measures that will benefit all electric consumers such as House Bill 2153 or Mandating for Additional Government Generation Capacity, House Bill 2155 or Regulating Sub-Meters, House Bill 3430 and House Bill 3432, both amending the Cross-Ownership and RCOA Provisions of the Electric Power Industry Reform Act of 2001 (EPIRA), and House Bill 5699 which grants 10% percent discount on the electric bills of Persons With Disabilities (PWD).

These measures, along with the other House Bills we filed, are our way of preserving the gains of the rural electrification sector and protecting the welfare of our electricity consumers. Ang mga batas na ito ay alay namin sa inyong lahat.

Maayong pagsaulog sa inyong tinuig nga panagtigum! Patuloy naming hatid ang Serbisyong Abtik, Serbisyong APEC para sa inyo.

2022 LANECO Annual Report

Greetings of Peace and Happiness!

For more than three decades of relentless service, Lanao del Norte Electric Cooperative, Inc (LANECO) strived to bring where the cooperative is today. From energization of its towns and barangays, LANECO has done its best to deliver the light and hope to each and every home in its coverage area.

As LANECO celebrates its 46th Annual General Membership Assembly, I would like to commend and thank everyone behind LANECO, the employees under the management of General Manager, Mr. Sherwin C. Mañada, CPA, the Board of Directors led by Board President Mr. Khalid M. Dimaporo, and the LANECO member-consumer-owners for continuing to support your coop.

I hope that LANECO will continue in pursuing our advocacy towards Rural Electrification for the benefit of your MCOs. May

this celebration not only inspire you in serving your MCOs but also challenge and strengthen your resolve to bring your coop to greater heights and ensure that it remains a globally competitive electric cooperative. As your Association, PHILRECA will fully support you on your endeavors and fight in solidarity with you.

Mabuhay and Power On!

JOSELITO P. YAP

11

Greetings of Peace and Happiness!

I would like to extend my warmest congratulations to Lanao del Norte Electric Cooperative, Inc (LANECO) under the leadership of your General Manager, Mr. Sherwin C. Mañada, CPA and Board of Directors headed by Board President Mr. Khalid M. Dimaporo for celebrating your 46th Annual General Membership Assembly.

Isang karangalan ang mabigyan ng pagkakataong maglingkod sa iba, at mas lalong isang karangalang maging parte ng isang organisasyong naglalayong mapaunlad ang ating nasimulan. LANECO has been an instrument of rural electrification in its coverage areas in Lanao del Norte. It has propelled growth and development, and delivered quality service to its member-consumer-owners. The empowering partnerships that LANECO has built through its existence has allowed for greater realizations on how we should put inclusivity, equity, and community-building at the core of our objectives. Sapagkat naiintindihan natin na ang tunay na pagunlad ay nasusukat sa kung paano natin ginagamit ang ating kakayanan upang mapaunlad ang iba.

I would also like to take this opportunity to emphasize that whatever LANECO has achieved over the years have only become possible because of the efforts of all its staff and personnel—the people who

nurtured LANECO's relationship with its member-consumer-owners. In the same way, I would like to express my gratitude to the member-consumer-owners for supporting your electric cooperative. LANECO has become what it is today because of the support you have you been providing.

We have faced numerous challenges in over four decades, and these challenges have made our objectives clearer. I am grateful that LANECO continues to be a staunch partner of PHILRECA in attaining the goals of rural electrification. LANECO's contributions to communities have served as an inspiration for PHILRECA to continue protecting the goals of electric cooperatives and MCOs.

I salute all of LANECO's leaders, department managers, staff and personnel, as well as its MCOs for a job well done! I hope that we all work hand in hand as we weather the challenges that will come our way.

Muli, ang PHILRECA ay mananatiling sandigan ninyo sa inyong mga layunin at nawa'y mas lalo pa natin mapagtibay ang ating mga layunin at hangarin sa mga darating na araw at taon.

United We Stand, We Stand United!

Mabuhay and Power On!

ATTY. JANEENE DEPAY-COLINGAN Executive Director / General Manager

Republic of the Philippines ENEGY REGULATORY COMMISSION

The Energy Regulatory Commission (ERC) extends its warmest congratulations to the officials, employees, and member-consumerowners (MCOs) of Lanao Del Norte Cooperative, Inc. (LANECO) as you hold your 46th Annual General Membership Assembly (AGMA).

We join you in supporting your theme **"Marking the Legacy** of Rural Electrification: Elevating EC Contribution in National Sustainable Development". LANECO's mission of becoming "a distribution utility committed to deliver quality electric services at reasonable rates to the member-consumers towards social progress and countryside development" coincides perfectly with the aforementioned theme. From humble beginnings, your cooperatives' transformation and achievements in the last five (5) decades have been truly remarkable. Consistently practice integrity, productivity, respect and teamwork in all your interactions with your stakeholders.

The reliability and affordability of power supply are critical to furthering the economy of the province of Lanao Del Norte. These are vital to sustain and cultivate the farming and fishing industries, as

well as the commercial and tourism sectors. Through the provision of access to quality and reasonably priced electricity to consumers, LANECO can become one of the proponents of the country's socio-economic progress and sustainable development, creating a legacy that would encourage and inspire future generations.

We enjoin you to effectively implement your initiatives in providing an enhanced, effective and consistent delivery of service to your customers, development partners and the public. Take advantage of this AGMA to also explore opportunities to expand your reach in terms of rural electrification. Discuss emerging technologies, especially renewable energy (RE) sources, that may reinforce the resiliency of your current energy portfolio.

Rest assured that the ERC will continue to work in partnership with LANECO in creating an Enabling Regulatory environment that is Conducive to economic growth.

More power, LANECO!

ERC Office of the Chairperson

midunala **MONALISA C. DIMALANT** Chairperson and CEO

13

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORT

It is my pleasure to extend my warmest greetings to all the esteemed members, officials, and clientele of Lana del Norte Electric Cooperative, Inc. (LANECO) on the celebration of your 46th Annual General Membership Assembly and 51st Foundation Anniversary. This year's theme, **"Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development"** highlights the essential role that your cooperative plays in providing electricity to every community, especially the rural areas of Lanao del Norte and in contributing to the sustainable development of our nation.

I commend the management and staff of LANECO for their dedication and hard work in ensuring that electricity is available to every home. Your efforts have not only brought light to our houses but have also powered our industries and businesses, enabling them to grow and contribute to the development of our province.

As we celebrate your cooperative's legacy of rural electrification,

let us look to the future and find ways to elevate your significant contribution to national sustainable development. You can play a vital part in promoting the use of renewable energy sources, reducing carbon emissions, and improving the efficiency of our power systems. With that, I urge all of you to continue supporting LANECO and to actively participate in its programs, and activities.

As your development partner, rest assured that we, in the Provincial Government of Lanao del Norte, will constantly support the cooperative's objective of promoting and protecting the interests of every consumer while delivering transparent and quality service. Together, let us work towards a brighter and more sustainable future for our province and our nation, as a whole.

Once again, congratulations on your 51st Foundation Anniversary. May you continue to be a beacon of light for our communities for many years to come.

Mabuhay ang LANECO!

Mabuhay ang Lanao del Norte!

Daghang salamat.

HON. IMELDA QÜIBRANZA-DIMAPORO

Provincial Governor Lanao del Norte

Republic of the Philippines *Region X* ROVINCE OF LANAO DEL NORT

I would like to extend my heartfelt congratulations to the Lanao del Norte Electric Cooperative, Inc. (LANECO) officials and members on the occasion of our 46th Annual General Membership Assembly (AGMA).

The objective to completely electrify the entire province of Lanao del Norte is encapsulated by this year's anniversary theme, "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development".

Throughout the years, Laneco has played a crucial role in bringing electricity to underserved communities, powering up farms, schools, and businesses. These efforts have not only made a significant impact on people's lives but the economy as a whole.

Today, in order for Laneco to elevate its contribution in national sustainable development, lowering the price and making power more accessible to all of our members is the most crucial and urgent demand for our cooperative.

We must remain at the forefront of innovation and change as we set out on the path to national sustainable development. Additionally, we must coordinate our efforts in order to commit to preserving a stable energy supply while embracing renewable energy sources for the good of our community.

Once again, congratulations on this momentous occasion. Let us celebrate this milestone and keep the vision alive and thriving. Thank you for your hard work, dedication, and commitment to rural electrification and national sustainable development.

HON. ALLAN J. LIM

Provincial Vice Governor Lanao del Norte

Northern Mindanao Electric Cooperatives' Association

On behalf of the Northern Mindanao Electric Cooperatives Association (NORMECA), I would like to extend my Congratulatory Greetings to Lanao Del Norte Electric Cooperative, Inc. (LANECO) as you celebrate your 46th Annual General Membership Assembly for the year 2023.

With the theme, **"Making the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development"**, the NORMECA ECs are in confident and are in full support of the endeavors of LANECO for the improvement and sustainability of its operation catering to the service requirements of your member-consumer-owners.

While we still thrive to continue with our service delivery, I would also personally wish that you will hurdle the challenges that we are in no control of. It is also my hope that LANECO will also achieve your goals for the year and in the succeeding years with the support of your workforce and member-consumer-owners.

Once again, Congratulations and Mabuhay!

ONITO M. LABIS, DVM President NORMECA

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE MUNICIPALITY OF TUBOD

It is with great pleasure and a sense of pride that I address you today at the Annual General Membership Assembly of our esteemed Electric Cooperative. This year, we gather under the inspiring theme, "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development." This theme reflects the incredible journey we have embarked upon together and the significant role we play in shaping the sustainable future of our nation.

As we reflect on the legacy of rural electrification, we recognize the transformative power it has brought to our communities. The provision of reliable electricity to our rural areas has not only improved the quality of life for our fellow citizens but has also opened doors to opportunities that were once unimaginable. We have witnessed the positive impact electricity has had on education, healthcare, agriculture, and overall economic growth. Our collective efforts in bringing light to every corner of our region have left an indelible mark on the lives of our people.

Today, as we come together to celebrate our achievements on our **46th Annual General Membership Assembly (AGMA) and 51st Foundation Anniversary Celebration**, we must also look ahead and recognize the responsibility that lies upon us. Our Electric Cooperative's contribution to national sustainable development is crucial, and we must strive to elevate our efforts to new heights. The challenges we face are

significant, ranging from climate change and environmental degradation to the growing energy demands of an ever-expanding population. However, I firmly believe that we possess the vision, determination, and capabilities to overcome these challenges and create a brighter, more sustainable future.

To achieve our goals, we must embrace innovation and harness the power of technology. The world around us is evolving rapidly, and we must keep pace with the latest advancements in the energy sector. Embracing renewable energy sources, exploring energy storage solutions, and adopting smart grid technologies are just a few ways in which we can enhance our contribution to sustainable development. By doing so, we not only reduce our ecological footprint but also ensure the long-term viability of our cooperative.

Collaboration and partnerships will be the cornerstone of our success. We must strengthen our ties with government agencies, industry experts, educational institutions, and other stakeholders who share our vision of sustainable development. By working together, we can leverage our collective expertise and resources to implement innovative projects, share best practices, and address the unique challenges faced by our cooperative.

As we move forward, let us remember that our actions today will shape the future for generations to come. Let us remain committed to our mission of providing affordable, reliable, and sustainable electricity to our rural communities. Let us continue to be at the forefront of progress and innovation in the energy sector, demonstrating to the nation the tremendous potential of electric cooperatives in driving sustainable development.

Thank you for your unwavering support, dedication, and hard work. Together, we will mark a legacy that future generations will look upon with pride. Let us embrace the challenges ahead with optimism and determination, knowing that our efforts today will lead to a brighter, more sustainable tomorrow, and may we continue to uphold the spirit of rural electrification.

Arangkada Bag-ong Tubod, God bless us all.

DIONISION CABAHUG, JR

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF LINAMON**

My warmest greetings to the Lanao del Norte Electric Cooperative, Inc. (LANECO) as you hold your 46th Annual General Membership Assembly (AGMA).

LANECO has performed competently and consistently over the years, by ensuring every home, community, and industry within your reach is connected to the national grid. We, People of the Municipality of Linamon are grateful to have a partnership with you, together, we deliver a more fulfilled, productive life for our people. It is my hope that this assembly will be instrumental in laying strategies for growth in the coming year, that you may provide better service to your clients and realize the aspirations of our people. May this event inspire/motivate you to further serve all people with compassion and solidarity so that we may achieve lasting, equitable progress.

May your cooperative continue to flourish and uplift more of our people from poverty towards a brighter, more empowered tomorrow.

I wish you a joyous and meaningful gathering.

HON. RANDY J. MACAP Municipal Mayor

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF BACOLOD**

Since **LANAO DEL NORTE ELECTRIC COOPERATIVE, INC. (LANECO)** has been established, it has conveyed dedicated services to the member consumers where it has consistently manifested valuable functions to accelerate and further the aspect of development to the different communities in the Province of Lanao del Norte. The present **Technological Advancements** coupled with a trend of **DIGITALIZATION** has equipped **LANECO** towards an efficient and effective delivery of the basic services intended to the masses who are member consumers.

LANAO DEL NORTE ELECTRIC COOPERATIVE, INC. is one of the key elements in sustaining the significant programs that are crafted and formulated to provide advantages to the populace in our beloved Province. My warm and sincere congratulations to the HARD WORKING MEN AND WOMEN of Lanao del Norte Electric Cooperative, Inc. on the occasion of the 46th Annual General Membership Assembly (AGMA) with a theme **"MARKING the LEGACY of RURAL ELECTRIFICATION: Elevating EC Contribution in National Sustainable Development"**.

MORE POWER AND GOD BLESS.

JUDITH HON Municipal Mayor

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF MATUNGAO**

Assalamu Alaikum.

The 46th Annual General Membership Assembly of the LANECO (Lanao del Norte Electric Cooperative, Inc.) with the theme, **"Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development"**, is about recognizing the role of electricity as one of major contributor to our development. The LANECO as electric provider of the municipality of Matungao improved lives of its people. The goal of our municipality to have better economic status is within reach with LANECO as partner for sustainable development. Our municipality as electric consumer of the LANECO will always be thankful for the limitless quality service over the years. Continue to give a reliable service to the municipality of Matungao.

HON. JABER M. AZIS, M.D. Municipal Mayor

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF POONA PIAGAPO**

The Local Government Unit (LGU) of Poona Piagapo, Lanao Del Norte, would like to thanks to the Brilliant Personnels of Lanao Del Norte Electric Cooperative (LANECO), Inc. with extensive services and commendable performances to the Electric Consumers in our locality.

In view hereof, we would like to extend our warmest Congratulations to the 46th Founding Anniversary Celebration of the Annual General Membership Assembly (AGMA) held on May 28, 2023 with the Theme: **"Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development**"

I may not be present in the Celebration but my sincerity be with you always.

Thank you and MABUHAY!

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE MUNICIPALITY OF KOLAMBUGA

Maayong Adlaw!

Innate in legacy is the opportunity to live for a purpose bigger than oneself. It is a replica of life with a driven-purpose. The little acts of kindness done very well always connects special place in every people's hearts. "*Legacy is fundamental to what it is to be human"*. It offers a glimpse to building strong communities and human spirit. This is the essence of the 46th Annual General Membership Assembly (AGMA) of the Lanao de Norte Electric Cooperative (LANECO), Inc. bearing the theme "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Development".

It has been thirty-four (34) years that the Rural Electrification began with Republic Act 6038 signed into law on August 4, 1969. This era paved the way for the creation of the National Electrification Administration (NE) abided with the national policy utilizing the development concept of Electric Cooperatives (EC) being established nationwide. The main goal of rural electrification is the process of bringing electrical power to rural and remote areas.

The impact of rural electrification program brought an array on energizing not just the local communities the local communities but also its component business entities, physical infrastructures, lifeline utilities.

Among the 17 Sustainable Development Goals (SD), it is SDG 7 that entails Affordable and Clean Energy wherein the Ambisyon Natin 2040 is anchored for Filipinos Matatag, Maginhawa at Panatag a Buhay as the long-term vision towards sustainable development for the Phillipines.

The Kolambugans heartily you with this celebration. We congratulate the men and women of the LANECO and its cooperators for reaching this four decades and six years of being a cooperative. Your services marks the legacy of rural electrification our local communities.

Ang Mahal nga Dios magauban kanato kanunay!

HON. ALLAN M. OMAMOS Municipal Mayor

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE MUNICIPALITY OF MAGSAYSAY

I would like to extend my sincerest congratulations to LANECO on reaching yet another historic milestone in providing reliable power to all of its Member-Consumer-Owners (MCOs). This has had a significant impact on powering their homes, improving their quality of life, and most especially, driving economic growth in the Province of Lanao del Norte.

As a municipal mayor, I have witnessed firsthand the transformative power of electricity in our communities, particularly during the challenges brought on by the COVID-19 pandemic for the past two years. It is clear that access to reliable power has been a vital lifeline, enabling our healthcare systems to function, our businesses to operate, and our residents to stay connected with loved ones and essential services. None of these would have been possible without your tireless efforts to provide access to electricity in even the most remote areas. Your dedication and hard work in delivering efficient and sustainable energy solutions are truly commendable. You truly deserve my utmost respect and admiration.

As we convene this year's Annual General Membership Assembly (AGMA) with the theme, "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development", let us reflect on our past accomplishments and challenges, and renew our commitment to working together toward a productive and more sustainable future. Together, we can ensure that the legacy of rural electrification continues to uplift our communities and transform lives for generations to come.

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF LALA**

GREETINGS OF PEACE AND SOLIDARITY!

Cheer up on the 46th Annual General Membership Assembly, with a theme, "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development".

In the light of the foregoing, I, being a member/consumer of LANECO, Inc. in particular, and in my capacity as the Local Chief Executive of Lala, Lanao del Norte in general is tremendously, strongly, and vigorously deliver my sincerest and warmest gratitude to all the employees of LANECO, who in one way or another contributed much in the delivery of electricity as one of the basic needs of the people even to the remotest area within the territorial and geographical jurisdiction of Lanao del Norte Electric Cooperative (LANECO), Inc.

Through this memorable occasion, I reiterate my sincerest gratitude to LANECO, Inc. of its best services offered to the general public, and with a fervent prayer and hope that its full commitment to deliver electricity to the different areas of Lanao del Norte will continue despite all the odds.

May you have more goals to achieve, more horizons to explore, and more dreams to come true.

God bless and more power to LANECO, Inc.

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE MUNICIPALITY OF SALVADOR

Greetings of Peace and Solidarity

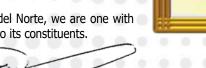

Lanao del Norte has come a long way – from that darkness of ambiguity that lurked in the corner of the province's history to a truly transformative province that it is today. Behind its dynamic change and development are challenges that proved to be catalyst of such metamorphosis, and in so doing the over 700,000 (2020 Census) residents of the province has since enjoyed a life far good that it was before.

Now, Lanao del Norte Cooperative, Inc. (LANECO is embracing a new milestone by celebrating its 46th Annual General Membership Assembly (AGMA) and I am honoured to be given an invitation for the Souvenir Program.

True to its theme, "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development", we can now agree that the best time to be Lanaoeno is today and moving forward. Homes are brighter, roads are well-lit, and sustainable development is at hand, and the future has never been this exciting. Darkness may have succumbed the world for more than two years brought about by the covid-19 pandemic, but continuous innovation to better serve the consuming public, and relentless pursuit of excellence, it is just electrifying to celebrate this new life ahead of us. We have been through some of darkest histories of our existence, and together as one, we shall emerge victorious in whatever circumstances life will put us through.

As the Local Chief Executive of the humble town of Salvador, Lanao del Norte, we are one with LANECO in its quest for dynamic leadership in delivering essential services to its constituents.

Congratulations and more power!

HON. HASSANOR L. TAWANTAWAN Municipal Mayor

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF KAPATAGAN**

My warmest greetings to the Lanao del Norte Electric Cooperative, Inc. (LANECO) as it holds its **46th Annual General Membership Assembly.** The collective growth of any cooperative is rooted on its resolve to provide every Filipino with a dignified and comfortable life. In doing so, we do not only help our members and consumers uplift their living conditions, but also transform them into

agents of social change.

Indeed, electricity is a catalyst for growth as it gives people as chance to improve and participate in the development of their communities. Electric Cooperatives (ECs), as key program implementers, play an important role and are expected to be effective channels of opportunities in attaining this end.

The municipality of Kapatagan appreciates the efforts of LANECO in carrying out its tasks in the Rural Electrification Program for the past several years. This is so because we cannot dream of economic progress while our far-flung areas remain without good amenities brought about by electricity.

LANECO, like other electric cooperatives, must shift its gears to aggressively address the demands of the restructures environment and overcome the tests. Moreover, LANECO has to build up its legal capability, institutional stability, financial viability and technical proficiency in order to arm itself in furthering the noble objectives of the Rural Electrification Program. Your members, consumers and owners deserve the best service from your end. May you be able to take part in mapping out doable and appropriate plans and programs that will push your cooperative to be a more dynamic service utility. May this gathering be the timely opportunity to join hands and be one in spirit in the quest for a better, more comfortable life for rural folks.

May this gathering reaffirm your commitment to serve the public as well as demonstrate excellence, service and discipline in all of your endeavors. Rest assured that the municipality continues to be supportive in your endeavor of providing an affordable and accessible electricity to our constituents of this cooperative. I ask you to join us in realizing our mission of social and economic development and in bringing about a more progressive and prosperous Kapatagan. Let us now move together to fulfill the opportunities to sustain our development and improve the quality of

life of our members and consumers.

I wish you a meaningful event and may God Bless us all! All the best for LANECO!

HON. B BAGUIO Municipal Mayor

Republic of the Philippines Region X PROVINCE OF LANAO DEL NORTE **MUNICIPALITY OF SAPAD**

Assalamualaikum Warahmatullahi Wabarrakatuh!

22

As you commemorate your 46th Annual General Membership Assembly (AGMA) and 51st Foundation Anniversary Celebration, I would like to convey my warmest felicitations as you embark on a momentous event both significant to the cooperative as well as to all member-consumers.

Noticeably, you have been a great part in the Provincial Government's promised of development to its 22 Municipalities as we are all aware of the uses of electricity which could be seen in everyday activities such as those in communications, business, transportation, education and domestic life. In remote areas, where most people are poor, electrification is seen to alleviate poverty, increase to basic services, and advance social systems.

Again congratulations to a job well done and Mabuhay!

HON. PARUK U. ASIS, AL-HADJ Municipal Mayor

President's Message

As the Board President, it is with great pleasure that I welcome you all to our 46th Annual General Membership Assembly and 51st Foundation Anniversary. This year, we celebrate our legacy of rural electrification, and we reflect on the pivotal role that we have played in the sustainable development of our nation.

Our theme for this year, "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development," reminds us of the importance of our mission. Our commitment to providing reliable and reasonable rates of electricity to our communities has empowered people, businesses, and industries to grow and flourish. We have bridged the gap between the urban and rural areas, and we have brought light to the lives of millions of people.

As we celebrate our achievements, we also recognize the challenges that lie ahead. We must continue to innovate and adapt to the changing needs of our Member-Consumer-Owners and Stakeholders. We must leverage new technologies and find ways to make our services more accessible, efficient, and sustainable. We must work hand in hand with our communities to ensure that we are always meeting their needs and contributing to their progress.

I encourage each and every one of you to actively participate in the Annual General Membership Assembly, sharing your insights, ideas, and aspirations for the cooperative's future. Your voice is crucial in shaping our path forward, ensuring that we continue to meet the evolving needs of our Member-Consumer-Owners and to the communities.

May this Annual General Membership Assembly and Foundation Anniversary be a celebration of our accomplishments, a platform for constructive dialogue, and a testament to our unwavering commitment to rural electrification and sustainable development.

I would also like to take this opportunity to recognize our dedicated Board of Directors of LANECO, Management Staff, Employees and Associates for their tireless efforts and commitment to our Cooperative's success. Their contributions have been invaluable, and we could not have accomplished our goals without them.

Finally, on behalf of the LANECO Board of Directors, I would like to express my gratitude to all our Member-Consumer-Owners and to our Stakeholders for their unwavering support and partnership. Together, we can build a brighter future for our nation and for generations to come.

Thank you and I wish you all a meaningful and productive assembly.

Mabuhay ang Member-Consumer-Owners! Mabuhay ang LANECO!

Board President

General Manager's Message

Our theme for this year's celebration is "Marking the Legacy of Rural Electrification: Elevating EC Contribution in National Sustainable Development." This is just but fitting to our commitment to continue our work in rural electrification to achieve our goals and to have a significant contribution to the nation building.

Over the past 51 years, LANECO has made significant contributions to the development of our beloved province. We have brought light and hope to rural areas, and we have helped to improve the lives of our Member-Consumer-Owners (MCOs) under the supervision of our mother agency, which is the National Electrification Administration (NEA).

After two years of conducting our AGMA virtually because of the pandemic, I am proud to congratulate our Member-Consumer-Owners (MCOs) that we are celebrating our 46th Annual General Assembly and 51st Foundation Anniversary this time on face-to-face.

It is our greatest gratitude to share with you, our member consumer-owners, the success we have gotten over the years, for you have been part of this since the beginning. Through this Annual Report 2022, it provides an overview of LANECO's operations and financial performance for the year.

I am confident that LANECO will continue to be a successful cooperative in the years to come. With the continued support of our Board of Directors, management staff, employees, and member-consumer owners, we can achieve greater things even more.

Mabuhay LANECO!

Mabuhay ang mga MCOs!

SHERWIN Ć. MAÑADA, CP General Manager

REPORT OF INDEPENDENT AUDITORS

The Board of Directors Lanao del Norte Electric Cooperative, Inc. 9209 Tubod, Lanao del Norte

Report on the Audit of the Financial Statements

<u>Opinion</u>

We have audited the financial statements of Lanao del Norte Electric Cooperative, Inc., which comprise the statement of financial position as at December 31, 2022 (with comparative figures for 2021), and the related statement of profit or loss, statement of changes in members' equity and statement of cash flows for the year then ended, and notes to financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Lanao del Norte Electric Cooperative, Inc. as of December 31, 2022 (with comparative figures for 2021), and of its financial performance and its cash flows for the year then ended in accordance with Philippine Financial Reporting Standards (PFRS).

Basis for Opinion

We conducted our audit in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Electric Cooperative in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matters

The financial statements of the Electric Cooperative for the years ended December 31, 2021 have been audited by another auditor, whose opinion on those statements, dated May 18, 2022, was unqualified.

<u>Responsibilities of Management and Those Charged with Governance for the Financial Statements</u> Management is responsible for the preparation and fair presentation of the financial statements in accordance with Philippine Financial Reporting Standards (PFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Electric Cooperative's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Electric Cooperative or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Lieute Cooperative's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error, as
 fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
 internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Electric Cooperative's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting
 and, based on the audit evidence obtained, whether a material uncertainty exists related to events
 or conditions that may cast significant doubt on the Electric Cooperative's ability to continue as a
 going concern. If we conclude that a material uncertainty exists, we are required to draw attention
 in our auditor's report to the related disclosures in the financial statements or, if such disclosures
 are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained
 up to the date of our auditor's report. However, future events or conditions may cause the Electric
 Cooperative to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

<u>Report on the Supplementary mormation required by the Bureau of Internal Revenue</u> Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations No. 15-2010 and No. 34-2020 in Note 30 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of the management of Lanao del Norte Electric Cooperative, Inc., and has been subjected to the auditing procedures applied in our audits of the basic financial statements. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

In compliance with Revenue Regulations V-20, we are stating that we are not related by consanguinity or affinity to the President, Manager or any member of the Electric Cooperative.

NOTES TO FINANCIAL STATEMENTS

Lanao del Norte Electric Cooperative, Inc. (with Comparative Basis at beginning of year)

Note 1 General Information

a. Cooperative Information

The Lanao del Norte Electric Cooperative, Inc. is a rural electric cooperative organized on May 27, 1972, under the provisions of the National Electrification Administration Act (R.A. No. 6038), as amended by Presidential Decree (P.D.) No. 269, to provide electric service at the retail level to primarily residential and commercial accounts within its franchise area covering eighteen (18) municipalities of Lanao del Norte. At the end of 2022, the Cooperative has a total member-consumers of 106,092 spread over these cities and municipalities.

The power delivered at retail is purchased wholesale from power providers, namely: National Grid Corporation of the Philippines (NGCP), Inc., Power Sector Assets & Liabilities Management Corporation (PSALM), FDC Misamis Power Corporation (FDCMPC), Total Power Incorporated (TPI), San Miguel Consolidated Power Corporation (SMCPC), and GN Power Kauswagan LTD, Inc. (GNPK). The Cooperative holds office at its own compound in Barangay Sagadan, Poblacion, Tubod, Lanao del Norte. It maintains branch offices in the following municipalities of Lanao del Norte: Linamon, Bacolod, Kolambugan, Lala (in Maranding), Kapatagan, Sultan Naga Dimaporo, Baroy satellite office and in Maigo.

The Cooperative is subject to regulations by the Energy Regulatory Commission (ERC) and the National Electrification Administration (NEA) for certain rates and other matters.

- As a distribution utility, the Cooperative is subject to the rate-making regulations and regulatory policies of the Energy Regulatory Commission (ERC). The billings of the Cooperative to its member-consumers- owners are itemized or "unbundled" into a number of bill components reflecting various activities and costs incurred in providing the electric service. Any adjustment to the bill component is governed by mechanisms promulgated and enforced by ERC, such as: (1) the "Rules Governing the Automatic Cost Adjustment and True-up Mechanisms and Corresponding Confirmation Process for Distribution Utilities", which govern the recovery of pass-through costs, including over- or under-recoveries of the bill components, namely, (a) generation charge, (b) transmission charge, (c) system loss charge, (d) lifeline subsidy, and (e) local franchise tax; and (2) the "Rules for the Setting of Distribution Wheeling Rates", as modified by ERC Resolution No. 20, Series of 2008, which govern the determination of the Cooperative's distribution, supply, and metering charges.
- As a cooperative registered with National Electrification Administration (NEA), the Cooperative is subject to supervisory and oversight functions of the NEA. Under R.A. No. 10531, otherwise known as the 'National Electrification Administration Act of 2013', NEA is mandated by law to supervise the management and operations of the Cooperative and to provide institutional, financial and technical assistance to the Cooperative. Under these functions, NEA develops, sets and enforces institutional and governance standards for the efficient operation of the Cooperative; formulates and imposes administrative sanctions to the Cooperative's officers and employees and exercises primary and exclusive jurisdiction in the adjudication of complaints against its officers or in election disputes; grants loans for construction or acquisition, operation and maintenance, restoration, improvement or enlargement of sub-transmission facilities and all related assets; guarantees the Cooperative's transactions with various parties such as in co-signing of power supply contracts, etc.; exercises step-in rights in case of operational and financial difficulties, and imposes strict reportorial compliance from the Cooperative, among other functions enumerated in the Act.

b. Tax exemption

As provided for in Section 39 of P.D. No. 269, as amended, the Cooperative is entitled to tax exemptions on all national, local and municipal taxes and fees. In accordance with Revenue Memorandum Circular (RMC) No. 72-2003, issued by the Bureau of Internal Revenue (BIR) on October 20, 2003, the Cooperative is particularly exempted from the following taxes:

- 1) Franchise tax under Section 119 of the Tax Code;
- VAT on sales relative to the generation and distribution of electricity, as well as its importation of machineries and equipment, including spare parts, which shall be directly used in the generation and distribution of electricity (Section 109 [s], Tax Code);
- 3) Income taxes for which it is directly liable (Section 39, PD No. 269);
- 4) All national government taxes and fees, including franchise, filing, recordation, license or permit fees or taxes; but the said exemption shall end on Dec. 31 of the 30th full calendar year after the date of a Cooperative's organization or conversion, or until it shall become completely free of indebtedness incurred by borrowing, whichever event first occurs; and
- 5) 3%-percentage tax under Section 116 of the Tax Code.

Moreover, pursuant to R.A. 9337, VAT Law of 2005, the Cooperative is subject to 12% (starting February 1, 2006, 10% prior to such date) VAT on their gross receipts from their distribution of electricity purchased only for non-renewable energy effective November 1, 2005.

Also, the Supreme Court ruled that Electric Cooperatives (ECs) are, likewise, subject to local taxes (i.e. franchise tax, real property tax, license or permit fees and others).

Under Republic Act 9520 known as Philippine Cooperative Code of 2008 (the Code) Section 18, ECs may elect to register under the Cooperative Development Authority (CDA). ECs that are duly registered with the CDA, and issued a certificate of registration, shall no longer be covered by Presidential Decree No. 269, as amended by Presidential Decree No. 1645. However, the Cooperative did not opt to register under the CDA. Under Article 130 of the Code, entitled: Registration Options of Electric Cooperatives, ECs registered with the NEA under Presidential Decree 269, as amended, which opt not to register under the CDA are allowed to retain the word 'cooperative' in their registered names: Provided, that they shall not be entitled to the benefits and privileges under the Code.

Whereas the NEA has issued the DET ACAM MFSR effective June 4, 2019 to guide Electric Cooperatives (ECs) in filling out and submitting Data Entry Templates (DET) in the web portal. This Det contributes to the generation of Monthly Financial and Statistical Report and Performance Standard Monitoring Report. The Cooperative have reclassified some real and nominal accounts to conform to the designated Chart of Accounts per DET ACAM MFSR.

b. Approval of Financial Statement

The financial statements as at and for the years ended December 31, 2022 and 2021 were approved and authorized for issuance by the Board of Directors (BOD) on April 13, 2023 with a Board Resolution No. 063, series of 2023. The Cooperative's General Manager, Sherwin C. Mañada, was authorized by the BOD to sign for and on behalf of the BOD to approve and cause the issuance of the audited financial statements.

Note 2

Summary of Significant Accounting Policies

Basis of Preparation

These financial statements have been prepared in accordance with generally accepted accounting principles in the Philippines for electric cooperatives registered with NEA (Philippine GAAP for NEA-registered cooperatives) which are primarily based on Philippine Financial Reporting Standards (PFRSs) with the exception of the accounting treatment of grants and subsidies received from NEA and other government agencies and computation and adjustment of allowance for bad debts.

In accordance with NEA's Memorandum No. 2009-015 dated May 13, 2009, and with the Memorandum of

Agreement (MOA) entered into with NEA, grants and subsidies are:

- recognized as a liability upon receipt; and
- transferred to donated capital upon liquidation of the grants and subsidies and completion of the intended purpose.

In accordance with NEA Memorandum to all ECs dated January 6, 1998, the following percentages of allowance should be applied to the inventory of power bills as at yearend:

	% of Allowance
Current — 90 days past due	1%
91-180 days past due	2%
181-240 days past due	3%
241-360 days past due	4%
Over 1 year	5%

Basis of Measurement

These financial statements have been prepared using the historical cost basis of accounting, except for retirement liability which is measured at present value of the defined benefits obligation (DBO).

Functional and Presentation Currency

These financial statements are presented in Philippine peso, which is the Cooperative's functional currency. All amounts have been rounded off to the nearest peso, unless otherwise indicated.

The Electric Cooperative has consistently applied the following accounting policies to all periods presented in these financial statements, except for the adoption of amendments to standards as discussed below.

Standards Issued But Not Yet Effective

Pronouncements issued but not yet effective are listed below. The Bank intends to adopt the following pronouncements when they become effective. Adoption of these pronouncements is not expected to have a significant impact on the Bank's financial statements.

Effective beginning on or after January 1, 2023

- Amendments to PAS 12, Deferred Tax related to Assets and Liabilities arising from a Single Transaction
- Amendments to PAS 8, Definition of Accounting Estimates
- Amendments to PAS 1 and PFRS Practice Statement 2, Disclosure of Accounting Policies

Effective beginning on or after January 1, 2024

Amendments to PAS 1, Classification of Liabilities as Current or Non-current

Effective beginning on or after January 1, 2025

• PFRS 17, Insurance Contracts

Deferred effectivity

 Amendments to PFRS 10, Consolidated Financial Statements, and PAS 28, Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

Financial Assets and Liabilities

Recognition and Initial Measurement

Financial assets are recognized in the Cooperative's financial statements when the Cooperative becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value. Transaction costs are included in the initial measurement of all financial assets, except for financial assets classified as at fair value through profit or loss (FTVPL).

A financial asset or financial liability is measured initially at fair value plus, for an item not at financial asset at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

Classification and Subsequent Measurement

On initial recognition, a financial asset is classified as measured at: amortized cost, financial asset at fair value through other comprehensive income or at fair value through profit or loss (FVTPL).

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on principal amount outstanding.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are SPPI on principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Cooperative may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

All other financial assets are classified as measured at FVTPL. On initial recognition, the Cooperative may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Business Model Assessment

The Electric Cooperative makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In
 particular, whether management's strategy focuses on earning contractual interest income,
 maintaining a particular interest rate profile, matching the duration of the financial assets to the
 duration of any liabilities or expected sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Electric Cooperative's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Electric Cooperative's stated objective for managing the financial assets is achieved and how cash flows are realized.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

Assessment of whether Contractual Cash Flows are Solely Payments of Principal and Interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Electric Cooperative considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Electric Cooperative considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Cooperative's claim to cash flows from specified assets (e.g., non- recourse asset arrangements); and
- terms that limit the Cooperative's claim to cash flows from specified assets (e.g., non- recourse asset arrangements).

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Electric Cooperative changes its business model for managing financial assets.

Financial assets - Subsequent measurement and gains and losses

- Financial assets at FVTPL Measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.
- Financial assets at amortized cost Measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.
- Debt investments at FVOCI Measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
- Equity investments at OCI Measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of investment. Other net gains and losses are recognized in OCI and are never reclassified to profit or loss.

Derecognition

Financial assets

The Electric Cooperative derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Electric Cooperative neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognized in OCI is recognized in profit or loss.

Any cumulative gain/loss recognized in OCI in respect of equity investment securities designated as at FVOCI is not recognized in profit or loss on derecognition of such securities. Any interest in transferred financial assets that qualify for derecognition that is created or retained by the Electric Cooperative is recognized as a separate asset or liability.

Financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. Where an existing financial liability is replaced by another financial liability from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Electric Cooperative currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

Impairment of Financial Assets

Consumer receivables

The Electric Cooperative adopted the requirements of NEA Memorandum to all ECs dated January 6, 1998 which sets the percentages of allowance that should be applied to the inventory of power bills as at yearend depending on the age of the consumer receivable.

Financial assets other than receivables

At each reporting date, the Electric Cooperative assesses whether there is objective evidence that financial assets not carried at fair value through profit or loss (FVTPL) are impaired. A financial asset is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset, and that the loss event has an impact on the future cash flows on the asset that can be estimated reliably

Materials and Supplies

Initially, materials and supplies are recognized at lower of cost at the time of their purchase. Cost comprises all cost of purchase and other direct costs incurred in bringing the materials and supplies to their present location and condition.

Materials and supplies are stated at the lower of cost and NRV. Cost is determined using the weightedaverage method. NRV is the current replacement cost less estimated obsolescence provided for slowmoving, defective or damaged materials and supplies based on analyses and physical inspection.

Utility Plant, Property and Equipment

Utility plant, property and equipment, except land, is carried at cost less accumulated depreciation and impairment losses, if any. Land is carried at cost less impairment losses, if any.

Initially, an item of utility plant, property and equipment is measured at its cost, which comprises its purchase price and any directly attributable costs of bringing the asset to the location and condition for its intended use. Subsequent costs that can be measured reliably are added to the carrying amount of the asset when it is probable that future economic benefits associated with the asset will flow to the Electric Cooperative. The costs of day-to-day servicing of an asset are recognized as an expense in the period in which they are incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The estimated useful life of the Electric Cooperative's utility plant, property and equipment is 2 to 30 years.

When an asset is disposed of, or is permanently withdrawn from use and no future economic benefits are expected from its disposal, the cost and accumulated depreciation, amortization and impairment losses, if any, are removed from the accounts and any resulting gain and loss, arising from the retirement or disposal is recognized in the profit or loss.

Construction-in-progress which represents properties under construction is stated at cost and is depreciated only when the relevant assets are completed and put into operational use. Upon completion, these properties are classified to the specific utility plant, property and equipment accounts.

Impairment of Nonfinancial Assets

The carrying amounts of the Cooperative's nonfinancial assets which include utility plant, property and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit (CGU) is the greater of the asset's fair value less costs of disposal and value in use. Fair value less costs of disposal is the price that would be received

to sell an asset in an orderly transaction between market participants at the measurement date, less the costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the CGU to which the asset belongs.

An impairment loss is recognized whenever the carrying amount of an asset or its CGU exceeds its recoverable amount.

Assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist and the carrying amount of the asset is adjusted to the recoverable amount resulting in the reversal of the impairment loss.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized.

Employees' Benefits

The Electric Cooperative's employees are provided with the following benefits:

- Retirement Benefits Obligation. Retirement benefits are provided to employees through a defined benefit plan. A defined benefit plan is a retirement plan that defines an amount of retirement benefit an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and salary. The legal obligation for the benefits of the retirement plan remains with the Bank, even if plan assets for funding the defined benefit plan have been acquired. Plan assets may include assets specifically designated to a long-term benefit fund, as well as qualifying insurance policies.
- ^o Termination Benefits. Termination benefits are payable when employment is terminated by the Electric Cooperative before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Electric Cooperative recognizes termination benefits when it is demonstrably committed to either: (a) terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or (b) providing termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits falling due more than 12 months after the statement of financial condition date are discounted to present value.

<u>Equity</u>

RFSC

As authorized by the ERC to collect the fund from member-consumers, these are recognized by the Cooperative as direct credit to "Reinvestment Fund for Sustainable Capital Expenditures" account as part of equity upon billing. Such is envisioned to fund the amortization or debt service of its indebtedness associated with expansion, rehabilitation, or upgrading of the existing electric power system of the ECs in accordance with their ERC-approved CAPEX Plan.

Contributions-in-aid of Construction

Contributions received from members-consumers are recognized in the year received as direct credit to "Contributions-in-aid of construction" account presented as part of equity.

Donated Capital

Donated capital includes grants and subsidies from NEA and other government agencies. In accordance with NEA's Memorandum No. 2009-015 dated May 13, 2009, and with the MOA entered into with NEA, grants and subsidies are:

- recognized as a liability upon receipt; and
- transferred to donated capital upon liquidation of the grants and subsidies and completion of the intended purpose.

Members' Contribution

Members' contribution is recognized in the year received and is presented as part of equity.

Accumulated Losses

Accumulated losses include the loss attributable to the equity holders of the Cooperative. It may also include changes in accounting policy to the extent practicable, except when the transition provisions in other standards require otherwise, restatements to correct errors, all current and prior period results as disclosed in the statement of profit or loss and comprehensive income.

Revenue Recognition

Revenue from Contracts with Customers

The Cooperative recognizes revenue when it transfers control over a product or service to a customer. Revenue is measured based on the consideration specified in a contract with a customer.

In the comparative period, revenue was measured at the fair value of the consideration received or receivable. Revenue from sale of goods and services was recognized when the significant risks and rewards of ownership had been transferred to the customer, recovery of the consideration was probable, the associated costs and possible return of goods or services could be estimated reliably, there was no continuing management involvement with the goods or services and the amount of revenue could be measured reliably.

The following is a description of principal activities from which the Cooperative generates its revenue.

Sale of Energy

Revenue from sale of energy is recognized in the period energy is consumed by consumers. These also include energy that were consumed after the meter reading cut-off dates, which will be billed to consumers in the immediately following billing period.

Interest Income

Interest income on bank deposits is recognized when earned and is presented net of the related final tax.

Other Income

Other income includes, forfeited discounts, rental income from equipment, sale of materials and supplies which is recognized when earned

Cost and Expense Recognition

Costs and expenses are decreases in economic benefits during the accounting period in the form of outflows or decrease of assets or incurrence of liabilities that result in decreases in equity, other than those relating to distribution to equity participants. Costs and expenses, included under "Cost of services" and "Administrative expenses," in the statement of profit or loss and other comprehensive loss are recognized as incurred.

Borrowing Costs

Borrowing costs are capitalized if they are directly attributable to the acquisition or construction of a qualifying asset, specifically major capital projects; otherwise, they are recognized as an expense in the period they occur. Capitalization of borrowing costs commences when the activities to prepare the assets are in progress and expenditures and borrowing costs are being incurred. Borrowing costs are capitalized until the assets are substantially ready for their intended use.

Provisions

Provisions are recognized when the Cooperative has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

Contingencies

When it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability unless the probability of outflow of economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed when an inflow of economic benefits is probable.

Related Parties

A related party relationship exists when one party has the ability to control, directly or indirectly, through one or more intermediaries, or exercise significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/ or among entities which are under common control with the reporting enterprise and its KMP, directors or its members. In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely on the legal form.

Events After Reporting Date

The Electric Cooperative identifies post year-end events as events that occurred after the reporting date but before the date when the separate financial statements were authorized for issue. Any post year-end events that provide additional information about the Electric Cooperative's financial position or performance at the end of a reporting period (adjusting events) are recognized in the separate financial statements. Events that are not adjusting events are disclosed in the notes to the separate financial statements when material.

Note 3 Significant Accounting Estimates and Judgments

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of the Electric Cooperative's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively

Judgments

Information about judgments in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is as follows:

Classifying Financial Instruments

The Electric Cooperative exercises judgment in classifying a financial instrument, or its component parts, on initial recognition as a financial asset, a financial liability or equity instrument in accordance with the substance of the contractual agreement and the definition of a financial asset, financial liability or equity instrument. The substance of a financial instrument, rather than its legal form, governs its classification in the financial position.

Provisions and Contingencies

The Electric Cooperative, in the ordinary course of business, sets up appropriate provisions for its legal and constructive obligations, if any, in accordance with its policies on provisions and contingencies. In recognizing and measuring provisions, the Cooperative takes risk and uncertainties into account.

Assumptions and Estimation Uncertainties

Information about assumptions and estimation uncertainties that have a risk of resulting in a material adjustment to the carrying amounts of assets and liabilities in the next financial year as follows:

Determining the Net Realizable Value (NRV) of Materials and Supplies

In determining the NRV, the Electric Cooperative takes into account the age of materials and supplies based on the most reliable evidence available at the time the estimate is made. These aspects are considered as key sources of estimation uncertainty and may cause significant adjustments to the Electric Cooperative's materials and supplies within the next financial period.

Further details on the carrying amount of materials and supplies are disclosed in Note 9.

Estimating Useful Lives of Utility Plant, Property and Equipment

The Electric Cooperative estimates useful lives of utility plant, property and equipment based on the period over which the assets are expected to be available for use and are updated if expectations differ from previous estimates due to physical wear and tear, technical and commercial obsolescence. The useful lives and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from items of utility plant, property and equipment.

Further details on the carrying amount of utility plant, property and equipment are disclosed in Note 4.

Estimating Retirement Liability

The present value of retirement liability depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining retirement cost include the discount rate, future salary increases and future mortality rates. Any changes in these assumptions will impact the carrying amount of the retirement obligations.

Further details on the carrying amount of retirement obligations are disclosed in Note 16.

Estimating Impairment of Nonfinancial Assets

The Electric Cooperative assesses any impairment of its nonfinancial assets whenever events or changes in circumstances indicate the carrying amount of the assets or group of assets may not be recoverable. The factors that the Cooperative consider in deciding when to perform an impairment test, include the following, among others:

- Significant underperformance relative to the expected historical or projected future operating results;
- Significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- Significant negative industry or economic trends.

Determining the value-in-use of the assets, which requires the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, requires the Electric Cooperative to make estimates and assumptions that can materially affect the financial statements. Future events could cause the Electric Cooperative to conclude that the assets are impaired. Any resulting impairment loss could have a material impact on the Cooperative's financial condition and results of operations.

Note 4 Utility Plant, Property and Equipment

Utility plant, property and equipment consist of the following:

December 31	2022	2021
Transmission/distribution plant	₽548,412,617	₽523,428,857
General plant	172,726,392	169,406,973
Construction in progress	368,887,648	348,910,223
Total	1,090,026,657	1,041,746,054
Less accumulated depreciation	400,267,106	386,473,084
Net	₽689,759,551	₽655,272,970

The General Plant account consists of the following:

Government Grants

The Cooperative receives grants from the Government through National Electrification Administration (NEA) to implement the Sitio Electrification Program of the Government (see 12). Depreciation expense on donated assets amounted P6,165,052 for each of 2022 and 2021 and are recognized as donated income in the statements profit or loss.

Construction Work-in-Progress

Construction work-in-progress represents the cumulative costs of projects that are generally in the process of completing the required support and documentation for closure to utility plant, property and equipment, a substantial portion of which are related to Government grants. At the completion of the construction projects, the Cooperative identifies those that are funded by grants and report the total cost as liquidation of the grants.

The reconciliation of the movements of the accounts follows:

December 31, 2022	Beg. Balance	Additions	Retirements/ Adjustments	End Balance
Cost				
Transmission and distribution	₽523,428,858	₽26,390,490	₽1,406,730	₽235,537,184

Note 5 Restricted Funds

This represents the following funds:

December 31	2022	2021
Subsidy	₽60,007,870	₽2,684,268
Retirement fund	18,766,378	17,567,284
Loan amortization	5,685,056	5,988,293
Loan fund	2,068,412	343, 779
Reinvestment	1,511,485	850,035
Membership	889,241	854,764
Cash bonds	-	70,114
Total	₽88,928,442	₽28,355,506

Note 6 Financial assets

This represents the following investment:

December 31	2022	2021
Investment – NORMECA Hydro	₽479,271	₽479,271
Investment – REFC	4,064,000	4,028,000
Investment – Banco de Oro	15,485,542	12,124,630
Investment – New Covenant Bank	503,200	501,192
Allowance for permanent decline	(479,271)	(479,271)
	₽20,052,742	₽16,653,823

Allowance for Expected Credit Losses (ECL)

The Cooperative subjected the past due accounts over one year with life-time ECL and provided with allowance for ECL amounting ₱479,271. The investments in REFC and all other asset accounts were determined to have very low credit risks hence not provided with ECL. Management concluded that the remaining accounts are unimpaired at the end of the year.

Note 7

<u>Cash</u>

This account consists of the following:

December 31	2022	2021
Cash in banks	₽65,076,413	₽70,306,591
Cash on hand	15,352,008	1,339,186
Working funds and revolving funds	296,488	313,000
	₽80,724,909	₽71,958,776

Cash in banks earns interest at prevailing bank deposit rates. Interest income earned from bank deposits amounted ₱18,687 in 2022 and ₱14,979 in 2021.

Note 8 Trade and Other Receivables

This consists of the following:

December 31	2022	2021
Receivable from energy sales – net	₽59,916,464	₽43,423,964
Other receivables – net	13,399,186	22,628,923
	₽73.315.650	₽66.052.887

Receivable from Energy Sales

December 31	2022	2021
Receivable from energy sales	₽109,256,056	₽92,763,556
Less allowance for expected credit losses	49,339,592	49,339,592
Net	₽59,916,464	₽43,423,964

Allowance for Expected Credit Losses (ECL) - Receivable from Energy Sales

Management examined the accounts for impairment and determined that additional allowance for ECL is required on the accounts required with 12-month ECL and life-time ECL. Accordingly, no provision for ECL was provided in 2022 and 2021.

December 31	2022	2021
Opening balances	₽49,339,592	₽49,339,592
Provisions for expected credit losses (ECL) during the year	-	-
Closing balances	₽49,339,592	₽49,339,592

Other Receivables

December 31	2022	2021
Other receivables	₽60,135,914	₽69,373,134
Advances to officers and employees	90,583	83,100
Due from other RECS	1,874,926	1,874,926
Total	62,101,423	71,331,160
Less allowance for expected credit losses	48,702,237	48,702,237
Total	₽13,399,186	₽22,628,923

The other receivable represents the receivables from consumers through the Service Connection Assistance Program (SCAP) which represents the costs of service connections to certain consumers to be collected through charges included in their monthly bills. The receivable from consumers through the HELP program represents the cost of house wiring materials receivables to indigent member-consumers whose incomes do not exceed ₱36,000 per annum. These member-consumers were recommended favorably by the Board of Directors of the district where they reside. The amount of house wiring materials receivables added to the monthly billing consumption of member- consumers-owners.

The other receivable represents the amount of undetermined cash in banks garnished through the order of the Courts. This amount was provided with impairment losses during 2016.

Allowance for ECL – Other Receivables

The allowance for ECL for other receivables amounted ₽48,702,237 in 2022 and 2021.

Management believes the amount of ECL allowance for other receivables is adequate to fairly state the account at the end of the year.

Note 9 Materials and Supplies

This account consists of the following which management believes are not impaired at the end of the year:

2022	2021
₽22,402,289	₽25,203,047
27,250,643	17,250,421
2,142,967	2,142,967
1,749,161	1,767,141
₽53,545,060	₽46,363,576
	₽22,402,289 27,250,643 2,142,967 1,749,161

Note 10 Other Current Assets

December 31	2022	2021
Prepaid expenses	₽514,910	₽512,678
Other assets	22,869,112	17,635,853
Contract assets	81,386,943	81,386,943
Other deferred debits	10,305,992	10,305,992
Total	₽115,076,957	₽109,841,466

Note 11 Member' Contribution

This account represents the cumulative contributions of members from their membership fee of ₱5.00, increased by interest income earned on the membership's bank account, see Note 7.

Membership contributions amounted to ₱561,492 and ₱550,592 as of December 31, 2022 and 2021, respectively.

Note 12 Reinvestment Fund for Sustainable Capital Expenditures (RFSC)

The nature of this account is explained in Note 2 to the financial statements. The following is the accounting of the changes of the accounts:

December 31	2022	2021
Opening balances	₽476,157,183	₽421,875,238
Additional contributions during the year	56,667,684	54,281,945
Closing balances	₽532,824,867	₽476,157,183

Note 13 Donated Capital

The Cooperative receives donations, contributions and grants from benefactors, partners and other entities intended for the capital requirements of the Cooperative which are valued at cost or fair market value whichever is higher at the time these are received.

The following are the details:

December 31	2022	2021
Grants from the Philippine Government and its branches	₽193,821,194	₽199,986,246
Subsidy from LGUs, NGOs and others	24,229,924	24,229,924
	₽218,051,118	₽224,216,170

Grants from the Philippine Government and its Branches

The Government of the Philippines embarked on programs that would allow it to reach out to far flung areas which have endured lack of electricity in their communities. The Department of Energy (DOE)'s Nationwide Intensification Household Electrification (NIHE) Program of 2015 and the National Electrification Administration (NEA)'s Sitio Electrification Program (SEP) are concrete means by which the Government achieve this objective.

The SEP aims to energize sitios through on-grid electrification, and the HEP aims to energize off-grid households using mature renewable energy technologies such as photovoltaic solar home systems, photovoltaic (PV) streetlights and micro-hydro systems. The DOE and the NEA have partnered with electric cooperatives to achieve the Government's objective of lighting all communities through the extension of grants in aid of construction of the electrification infrastructure.

Subsidy from LGUs, NGOs and others

The subsidy from Local Government Units (LGUs), Non-Government Organizations (NGOs) and others represents contributions in aid for construction received from LGUs through the Countryside Development Fund (CDF); contributions from Cooperative members (Barangay's Counterpart for lines construction), and donated equipment from the USAID, which are intended for the construction and expansion of new lateral lines. These donations are generally received in aid of construction

Accounting of Earned Grant

As a matter of accounting policy, the Cooperative recognized liquidated grants as donated capital. This policy has been refined by NEA Memorandum No. 2015-027 which aligns it with Section 13 of R.A. 10531 and the requirements of PAS/IAS 20. Beginning 2016, and effected retrospectively, the Cooperative depreciates the donated capital and recognizes annual donation income equal to the amount of annual depreciation of the donated assets, which in turn reduces the amount of donated capital until fully earned by the Cooperative.

Note 14 Loans and Borrowings

This consists of loans from the following sources:

December 31,	2022	2021
National Electrification Administration (NEA)	₽132,161,838	₽142,441,666
Land Bank of the Philippines (LBP)	20,000,000	36,000,000
Rural Electrification Financing Corporation (REFC)	16,249,957	10,223,606
Power Sector Assets & Liabilities Management Corporation (PSALM)	7,560,461	4,454,059
Total	175,972,256	193,119,331
Portion maturing in one year	(45,602,555)	(43,788,986)
Portion maturing in more than one year	₱130,369,701	₽149,330,345

The following is the accounting of the movements of the loans and borrowings during the year:

December 31	2022	2021
Opening balances	₽188,665,272	₽184,158,651
Additional loans availed of during the year	16,249,957	45,037,505
Payments of principal amortizations during the year	(28,942,973)	(36,076,825)
Closing balances	₽175,972,256	₽193,119,331

The details of the loans are the following:

- 1) The loans from NEA were obtained at various dates in 2014, 2018 and 2021, at 6% to 8% per annum payable in equal quarterly installments (including interest), intended for working capital and payments to power suppliers.
- 2) The loans from Land Bank of the Philippines represent a combination of long-term and short-term loans obtained by the Cooperative at various dates in March and December of 2019. The long-term loan represents two (2) loans: a 5-year loan amounting to ₱80,000,000 at 7.20% per annum, the proceeds of which were used by the Cooperative to settle real property taxes representing municipalities under the Province of Lanao del Norte for all unpaid property taxes from 1996 to 2019; and a short-term loan for payment of current power bills from FDC Misamis Power Corporation amounting ₱37,369,000, at 6% per annum. The short-term loan is fully paid

in in 2022. All loans from Land Bank are subject to quarterly re-pricing and are secured by the assignment of trade receivables amounting ₱37,730,000.

3) The loans from Rural Electrification Financing Corporation (REFC) were obtained in November 2019 at 7% per annum payable in three (3) years, principal and interest monthly amortizations intended for acquisitions of transportation vehicles; and another 5-year term loan obtained in June 2021 for the acquisition through financing of power transformer amounting to ₱9,200,000 at 6.75% per annum.

Total interest and other charges incurred amounted ₱10,043,186 in 2022 and ₱12,592,495 in 2021.

Pursuant to Energy Regulatory Commission (ERC) Order dated June 20, 2017, the Cooperative received credit refunds from Power Sector Assets & Liabilities Management Corporation (PSALM), one of the major power suppliers of the Cooperative, for over-billing the Cooperative and PSALM recovery scheme covering the approved Deferred Accounting Adjustments (DAAs), amounting ₱70,678,954, the refund shall be recovery/ (refunded) over a period of sixty (60) months as determined by the Energy Regulatory Commission (ERC).

The Cooperative started refunding its consumers in 2017 through its monthly billings starting July 26 to August 2017 billing. At the end of 2022, the Cooperative have a balance of ₱7,560,461.

Note 15 Consumer's Deposits

These consist of deposits received from consumers to secure payments of energy consumption and non- interest-bearing deposits to guarantee meters and transformers loaned out to them. These deposits will be refunded to consumers upon termination of service connections and return of loaned meters and transformers to the Cooperative.

December 31	2022	2021
Energy	₽61,357,448	₽55,376,376
Meters and transformers	9,841,927	9,841,926
Solar Project	138,050	138,050
	₽71,337,425	₽65,356,352

Note 16 Retirement Benefit Obligation

The Cooperative's retirement benefit obligation as at December 31, 2022 and 2021 was derived as follows:

December 31	2022	2021
Opening balances	₽55,211,046	₽64,541,315
Provisions during the year	6,188,631	5,544,982
Retirement payments during the year	(7,177,015)	(14,875,251)
Closing balances	54,222,661	55,211,046
Fair value of retirement trust fund	(18,766,378)	(17,564,284)
Fair value of retirement plan assets	(19,714,631)	(19,714,631)
Net Retirement Benefit Obligation	₽15,741,652	₽17,932,131

The Cooperative's employees are provided with retirement benefits through a defined benefit plan approved by the National Electrification Administration (NEA). The plan defines the amount of retirement benefit an employee will receive at retirement age. The legal obligation to pay the retirement benefits remains with the Cooperative. The Cooperative's defined benefit retirement plan covers all regular full-time employees.

In September 2017, the Cooperative obtained the actuarial services of a Certified Actuary to determine the funding valuation of its retirement benefit obligations as of July 1, 2017. The actuarial computations applied the Accrued Benefit Actuarial Cost Method (Projected Unit Credit Method) taking into account the factors of investment, mortality, disability and salary projection rates.

In accordance with actuarial computations, the following were determined as at July 1, 2017 and used as basis in projecting the amounts in the succeeding years:

Past service liability	₽75,254,277
Vested benefit (benefit payable)	₽62,575,731
Investment rate	4% p.a.
Salary projection rate	3% p.a.

The Consulting Actuary recommended the following: (1) the annual normal cost or current contribution for the valuation period July 1, 2017 to June 30, 2018 was ₱4,752,349, which should be the basis of estimating the annual funding of the retirement plan assets; and (2) the past service liability computed as of July 1, 2017 was ₱75,254,277, but the vested benefit was computed only ₱62,575,731.

The Cooperative management opted not to make the necessary adjustments in the recorded retirement benefit obligations in 2020, which is within the valuation period covered by the actuarial report. Additional provision amounting to ₱6,188,631 and ₱5,544,982 was recorded in 2022 and 2021 respectively.

Retirement Trust Fund

The Cooperative sets aside funds to cover its retirement liabilities. These are either placed in savings and time deposits with the Cooperative's depository banks or loaned out to the employees through LANECO Retirement Fund Generation Program (REFUGE), an association run by the employees themselves. The Cooperative makes monthly contributions towards the trust fund deposited in various local banks. These contributions earn interest, and the accumulated balance of contributions and interest is used to pay the retirement benefits of gualified employees.

As at December 31, 2022 and 2021, the net assets of REFUGE consist of the following:

December 31	2022	2021
Cash	₽99,860	₽490,365
Loans receivable from employees	18,666,518	17,073,919
	₽18,766,378	₽17,564,284

As at December 31, 2022 and 2021, the fair values of the trust fund approximated the recorded fund balances at the end of the year.

Retirement Plan Assets

As part of its strategy to fund its retirement benefit obligations, the Cooperative invested in August 2007 in Philippine Life Financial Assurance Corporation's VISA Endowment Plans which require five years payment period followed by another five years waiting period. On the 11th year, PhilLife will start paying part of the maturity benefit through anticipated endowment until it fully pays the full amount on the 15th year. In all those 15 years, the Cooperative will remain covered by VISA 5 Plus insurance protection. Market value of the investment for the years 2021 and 2020 amounted ₱7,590,000, respectively. The Cooperative purchased 50 plans with average monthly payment amounting ₱102,500. The plans have maturity values of ₱250,000 and have been fully paid in 2012.

During the year, the Cooperative increased the trust fund at BDO Trust and Investments Group as part of the retirement plan asset in the amount of ₱3,300,000 as additional investment during the year and with market values at ₱15,475,237 in 2022 and ₱12,124,631 in 2021 with interest from the investment of ₱331,213 in 2022 and ₱411,137 in 2021.

Note 17 Trade and Other Payables

This account consists of the following:

December 31	2022	2021
Payable to power providers	₽123,375,046	₽88,289,957
Other payables	315,069,024	165,582,134
	₽438,444,070	₽253,872,091

Payable to Power Providers

The payable to power providers represents current year's unpaid power bills to the following:

December 31	2022	2021
FDC Misamis Power Corporation (FDC)	₽54,660,951	₽38,532,368
San Miguel Consolidated Power Corporation (SMCPC)	23,208,788	16,006,721
GN Power Kauswagan, Ltd. Co. (GNPK)	25,785,107	15,328,506
National Grid Corporation of the Philippines (NGCP), Inc	11,349,133	10,091,032
Power Sector Assets & Liabilities Management Co. (PSALM)	5,244,270	6,177,940
Total Power, Inc (TPI)	3,126,797	2,153,390
Total	₽123,375,046	₽88,289,957

Prompt Payment Discounts

The Cooperative enjoys prompt payment discounts when the accounts are paid on or before 10th of every succeeding month for GN Power Kauswagan, Ltd. Co. (GNPK), FDC Misamis Power Corporation, and San Miguel Consolidated Power Corp.

The accounts with power suppliers represent the unpaid power bills at the close of each year which the Cooperative is required to pay before January 10 of the succeeding year.

Other Accounts Payable

The trade and other payables consist of the following:

December 31	2022	2021
Payable to NEA for unliquidated subsidy fund	₽130,199,884	₽60,223,230
Other payable	101,387,960	36,142,819
Accrued expenses	32,034,528	28,720,614
Real property tax liability	39,853,868	27,377,509
Payable to PSALM for collection of universal and		
environmental charges	11,592,784	13,117,962
Total	₽315,069,024	₽165,582,134

Trade and other payables are non-interest-bearing and are generally on a 30-day or 60-day credit terms.

NEA Unliquidated Subsidy Funds

In accordance with the memorandum of agreement signed by NEA and the Cooperative, the subsidy funds received for various projects are to be recorded as a liability at the time of receipt of the funds and are only closed upon release by NEA of a Certificate of Final Inspection and Acceptance of the projects. Closed- out/completed projects are credited to Contributed Capital in the books of the Cooperative.

Real Property Tax Liability

The real property tax liability pertains to the consolidated real property taxes due billed to the Cooperative from all municipalities under the Province of Lanao del Norte. The updated billings dated February 27, 2019, for all unpaid property taxes from 1996 to 2019, consisted of basic taxes of

P29,506,652, Special Education Fund (SEF) of P29,506,652 and total penalties of P38,195,016, totaling P97,208,319. The identified 2019 and 2018 and prior years' total charges amounted P4,260,025 and P92,948,294, respectively.

The Cooperative subsequently settled the amount in full by March 2019. The Cooperative obtained a loan from Land Bank of the Philippines for ₱80,000,000 and used its general fund for the difference. The Cooperative has updated its real property tax in 2022 and 2021.

Note 18

Revenue Classification as Per Energy Regulatory Commission

December 31	2022	2021
Residential	₽892,360,271	₽700,427,361

	₽64,836,542	₽65,873,092

Note 23 Related Party Transactions

In the ordinary course of trade or business, the Cooperative provides electricity to its related parties which include its directors, officers, related interests and employees. These transactions were made substantially on the same terms and conditions as with other parties. None of the transactions incorporate special terms and conditions and no guarantee is given or received. Outstanding balances are usually settled in cash. Moreover, the revenue from these related parties is insignificant. The Cooperative has no associates, affiliates and joint venture projects.

The following summarizes transactions with related parties:

Beginning 2010, the Cooperative extended interest-free advances to its members through the Service Connection Assistance Program (SCAP), and the HELP program (for house-wiring materials). Total receivables under the SCAP program amounted ₱10,969,030 in 2022 and ₱11,214,190 in 2021. Total receivables under the HELP Program amounted ₱6,966,410 in 2022 and ₱6,964,712 in 2021.

The Cooperative also extends cash advances to other electric cooperatives, employees and directors. As at December 31, 2022, the non-moving accounts receivable from other electric cooperatives amounted ₱1,874,926 and its non-moving accounts payable to other electric cooperatives amounted ₱4,659,028. The advances to officers and employees amounted ₱90,582 in 2022 and ₱83,100 in 2021.

Note 24 Fair Value Measurement

Financial Instruments Measured at Amortized Cost for which Fair Value is Disclosed The following table summarizes the fair value hierarchy of the Cooperative's financial assets and liabilities:

December 31, 2022	Level 1	Level 2	Level 3	Total
Financial assets				
Cash (<i>Note 8</i>)	₽53,545,060	-	-	₽53,545,060
Trade and other receivables (Note 9)	-	-	₽514,910	514,910
Financial assets (Note 6)	-	-	20,052,742	20,052,742
	₽53,545,060	-	₽689,782,015	₽743,327,075

December 31, 2022	Level 1	Level 2	Level 3	Total
Financial liabilities				
Loan and borrowings (Note 13)	-	-	₽53,545,060	₽53,545,060
Consumers' deposits (Note 14)	-	-	514,910	514,910
Trade and other payables (Note 16)	-	-	689,267,105	689,267,105
	-	-	₽743,327,075	₽743,327,075
December 31, 2021	Level 1	Level 2	Level 3	Total
Financial assets				
Cash (<i>Note</i> 8)	₽29,958,776	-	-	₽29,958,776
Trade and other receivables (Note 9)	-	-	₽69,623,596	69,623,596
Financial assets (Note 6)	-	-	56,073,853	56,073,853
	₽29,958,776	-	₽125,697,449	₽155,656,225
December 31, 2021	Level 1	Level 2	Level 3	Total
Financial liabilities				
Loan and borrowings (Note 13)	-	-	₽188,665,272	₽188,665,272
Consumers' deposits (Note 14)	-	-	65,356,352	65,356,352
Trade and other payables (Note 16)	-	-	247,136,808	247,136,808
	-	-	₽501,158,432	₽501,158,432

For financial assets and financial liabilities with fair values included in Level 1, management considers that the carrying amounts of those short-term financial instruments equal their fair values. The fair values of the financial assets and financial liabilities included in Level 3 above which are not traded in an active market is determined by using generally acceptable pricing models and valuation techniques or by reference to the current market value of another instrument which is substantially the same after taking into account the related credit risk of counterparties or is calculated based on the expected cash flows of the underlying net asset base of the instrument. When the Cooperative uses valuation technique, it maximizes the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to determine the fair value of an instrument are observable, the instrument is included in Level 2. Otherwise, it is included in Level 3.

Fair Value Measurement for Non-Financial Assets

The following table shows the Levels within the hierarchy of non-financial assets measured at fair value on a recurring basis as of December 31, 2022 and 2021.

December 31, 2022	Level 1	Level 2	Level 3	Total
Non-financial assets				
Materials & supplies inventory (Note 8)	-	-	₽53,545,060	₽53,545,060

Non-financial assets	LEVELT		Levero	Total
Materials & supplies inventory (Note 8)	-	-	₽46,363,576	₽46,363,576
Prepaid expenses (Note 9)	-	-	512,678	512,678
Utility, plant and equipment - net (Note 4)	-	-	655,272,970	655,272,970
	-	-	₽702,149,224	₽702,149,224

The Level 3 fair value of the land and buildings and improvements included under the Property and Equipment account was determined using the cost approach that reflects the cost to a market participant to construct an asset of comparable usage, construction standards, design and layout,

adjusted for obsolescence. The more significant inputs used in the valuation include direct and indirect costs of construction such as but not limited to, labor and contractor's profit, materials and equipment, surveying and permit costs, electricity and utility costs, architectural and engineering fees, insurance and legal fees. These inputs were derived from various suppliers and contractor's quotes, price catalogues, and construction price indices. Under this approach, higher estimated costs used in the valuation will result in higher fair value of the properties.

Note 25 Capital Management Objectives, Policies and Procedures

The Cooperative manages its capital to ensure that it has the ability to continue as a going concern in serving the needs of its members. The Cooperative's Board of Directors reviews regularly its capital structure on the basis of the carrying amount of equity, less cash and cash equivalents, as presented on the face of the statement of financial position. As a part of this review, the Board of Directors considers the cost of capital and the risks associated with each class of capital.

Capital-to-Overall Financing Rate

The Cooperative's reported capital as at December 31, 2022 with comparative data as of December 31, 2021, is summarized as follows:

December 31	2022	2021
Total members' equity	₽343,042,680	₽426,940,184
Less cash (Note 6)	37,374,136	29,958,776
Capital	305,668,544	396,981,408
Total members' equity	343,042,680	426,940,184
Borrowings (total liabilities)	739,976,412	523,544,622
Overall financing	₽1,083,019,092	₽950,484,806
Capital-to-Overall Financing Rate	28.22%	41.77%

Gearing Ratio

December 31	2022	2021
Total liabilities	₽739,976,412	₽523,544,622
Less cash (Note 6)	37,374,136	29,958,776
Net debt	702,602,276	493,585,846
Total members' equity	343,042,680	426,940,184
Equity and Net Debt	₽1,045,644,956	₽909,233,616
Gearing Ratio (Net Debt/Equity and Net Debt)	67.19%	54.29%

Gearing ratio focuses on the capital structure of the Cooperative– that means the proportion of finance that is provided by debt (borrowings) relative to the finance provided by equity. It is also concerned with liquidity.

However, it focuses on the long-term financial stability of the Cooperative. Gearing (otherwise known as "leverage") measures the proportion of assets invested in business that are financed by borrowings. In theory, the higher the level of borrowings (gearing) the higher are the risks to the business since the payment of interest is not "optional". However, gearing can be a financially sound part of a business's capital structure particularly if the business has strong, predictable cash flows. The Cooperative will strive to reduce its gearing ratio by reducing working capital through increasing the speed of collections of its trade receivables thereby producing cash that can be used to pay down maturing debts.

Note 26 Risk Management Objectives and Policies

The Cooperative is exposed to various risks in relation to its financial instruments. The main types of risks it is facing are market risk, credit risk and liquidity risk. The Cooperative's risk management is coordinated by its Board of Directors and focuses principally on actively securing the Cooperative's short to medium-term cash flows by minimizing the exposure to volatile financial markets. The Cooperative does not actively engage in the trading of financial assets for speculative purposes, nor does it write options. The most significant financial risks to which the Cooperative is exposed are described as follows:

Market Risk Analysis

The Cooperative is exposed to market risk through its use of financial instruments and specifically to currency risk, interest rate risk and certain other price risks, which result from both its operating and investing activities. Most of the Cooperative's transactions are carried out in Philippine currency, its functional currency. It has limited or no exposures to currency exchange rates since it has no transactions involving foreign currencies. The Cooperative does not actively engage in the trading of financial assets nor does it write options. It likewise has little exposure to interest rate risk as its financial assets and loans and borrowings have fixed interest rates. Its exposure to credit risk is limited to the carrying amount of financial assets recognized at the reporting period date.

Credit Risk Analysis

Credit risk is the risk that a counterparty fails to discharge an obligation to the Cooperative. The Cooperative is exposed to this risk for various financial instruments, for example by the trade and other receivables extended to member/consumers, placing deposits, etc. The Cooperative manages the level of credit risk by actively monitoring all its receivables to avoid significant delinquency. The Cooperative's maximum exposure to credit risk is limited to the carrying amount of financial assets recognized at the end of the reporting period, as summarized in the following:

December 31, 2021	Neither Past Due Nor Impaired	Past Due But Not Impaired	Total
Cash (Note 7)	₱41,251,190	₽-	₱41,251,190
Trade and other receivables (Note 8)	40,578,228	29,045,368	69,623,596
Other current assets (Note 10)	56,073,853	-	56,073,853
	₱137,903,271	₱29,045,368	₱166,948,639
	82.60%	17.40%	100.00%

Liquidity Risk Analysis

The Cooperative is likewise exposed to liquidity risk, the risk that it will encounter difficulty in meeting its obligations as they become due without incurring unacceptable losses or costs. The Cooperative's objectives to manage its liquidity profile are: (a) to ensure that adequate funding is available at all times; (b) to meet commitments as they arise without incurring unnecessary costs, and (c) to be able to access funding when needed at the least possible cost. The Cooperative manages its liquidity by carefully monitoring its scheduled debt servicing payments for long-term financial liabilities as well as its cash flows due on its day-to-day business.

Note 27 Taxes, Licenses and Fees

December 31	2022	2021
Vehicle licenses	₽158,167	₽216,826
BIR annual registration and others	10,000	10,000
Documentary stamp taxes	-	330,098
Radio licenses	-	174,529
Others	-	32,380
	₽168,167	₽763,833

Note 28 Reclassification

Certain amounts and figures as of December 31, 2021, financial statements had been reclassified to conform to the presentation of the Electric Cooperative's financial statements for the period ended December 31, 2022.

Note 29 Adjustments

The adjustments in equity are composed of:

Years Ended December 31	2022
Adjustments on uncollectible accounts	₽43,002,724
Various adjustments	38,627,902
Total	₽81,630,626

Various adjustments consist of various entries such a correction to record to the appropriate account the entry made in the prior period, an adjustment to operating revenue due to overbilling and underbilling and liquidation of advances in the prior period.

Note 30

Supplementary Information Required by the Bureau of Internal Revenue

Revenue Regulations (RR) No. 15-2010

On November 25, 2010, the BIR issued RR No. 15-2010 to amend certain provisions of RR No. 21-2002. The regulations provide that starting 2010, the notes to financial statements shall include information on taxes, duties and license fees paid or accrued during the taxable year.

The Electric Cooperative reported and/or paid the following type of taxes.

a. Value-Added Taxes

Value-added taxes paid or declared for the year ended December 31, 2022 and 2021 consist of:

December 31, 2022	
Opening balance	₽8,754,607
Add output VAT sales for the year	34,865,890
	43,620,497
Input VAT applied for the year	25,388,006
Input tax closed to expense	(912,008)
Creditable value added tax withheld	5,256,002
	29,732,000
Ending balance (Note 10)	₽13,888,497

b. Withholding taxes for the period follows:

Year Ended December 31, 2022	Tax base	Amount paid
Purchase of services	₽77,996,882	₽1,559,938
Salaries and wages	47,174,551	4,536,481
Purchase of goods	13,151,579	131,515.79
Board of directors	5,160,604	293,979
Professional fees	357,616	23,846
	₽143,841,231	₽6,545,759

c. Tax cases

The cooperative has no outstanding tax cases in any other court or bodies outside of the BIR as of December 31, 2022.

Revenue Regulation No. 34-2020

The Electric Cooperative is not covered by the requirements and procedures for related party transaction under Section 2 of RR No. 34-2020.
